The American Ballet Theater curriculum is renowned for its unique approach to ballet education. Through the ABT program, students are taught about body mechanics, posture, alignment and coordination, music theory, performance techniques and more. This curriculum focuses on improving the overall quality of the dancer's technique and performance, allowing them to achieve a higher level of artistry and expressiveness while on stage. By being trained in this method of ballet education, dancers can become well-rounded professional performers who are prepared for any challenge they may face.

**Not sure which class to sign up for? View our class descriptions [HERE](#) or contact us! We are happy to help!**

\* Tuition is charged once for the summer session and covers all 6 weeks.
