MEMBERSHIP FEES

In Fall of 2020 we implemented a yearly membership fee for all families. We were proud to be one of the only studios in the area that didn't charge a membership/registration fee to our families. When reflecting on our finances as a small business as well as want to continue to provide a professional and high quality service we have decided to charge an **annual** membership fee per family of \$20, and \$5 for each additional student.

What does a membership fee go towards?

Tuition covers the instructor pay and teacher assistant pay and then the remainder is left for our overhead expenses. We believe that having a quality office staff to keep the studio running efficiently and effectively helps families always be able to have their questions answered as well as provide dancers with another adult to help then before and after class. Having a front desk and office manager also helps keep up on the daily cleaning to ensure we have a healthy environment for all students.

Membership Fees were applied and due on accounts for NEW Spring 2022 families on January 15th.

If you are enrolled in automatic payment the fee will be taken out automatically on the 1st of February.

COVID – 19 PROCEDURES

The lobby is open to 1 family member. Siblings are welcome we request that they sit quietly. Please bring a quiet activity for siblings to do while waiting for class. See Lobby Standards for more on lobby etiquette.

Anyone entering Studio 360 must take off shoes and store them in the provided cubbies **not in front of the walk way or door.**

Anyone entering Studio 360 must wash hands for 20 seconds with warm water and antibacterial soap and hand sanitize when exiting.

Dancers that have fevers, coughs, congestion are not allowed in class. Please keep your dancer home if they have any symptoms of Covid-19 or any other illness. Dance is a physical activity. As adults we don't workout when we are feeling ill or have colds. The same is with children.

Masks are not required for dancers or families entering Studio 360. However, if you are not vaccinated the CDC recommends wearing a mask. Masks will be an individual family decision. We at Studio 360 respect each families choice.

If your dancer or family member has been exposed to Covid-19 and are fully vaccinated the family is allowed to come to dance if they are not experiencing any symptoms, however we request that you wear a mask 5-7 days from after exposure OR provide a negative test.

For a dancer or family member that has been in direct contact with someone that has been positive for Covid-19 and are not fully vaccinated we request that your family stays home from the studio for 5-7 days from exposure. Please provide the office via email with the negative test result before continuing in class. Dancers are welcome to continue dance class as long as they have no symptoms and have provided the studio with a negative test result after 5-7 days from exposure.

We will continue to monitor CDC and local and state guidelines. Our top priority is to keep all dancers, families, and our community healthy and safe as well as keep a normal as possible environment for your dancer and family!

ZOOM CLASSES

Classes will only be offered on Zoom in the case that the state has shut down businesses OR if Studio 360 cancels classes due to a high number of cases of Covid-19.

Studio 360 School of Dance
Student/Parent Handbook SPRING 2022

CLASS CHANGE/CANCELLATION

Studio 360 School of dance reserves the right to cancel classes that have fewer than five dancers registered. Tuition will be refunded or the dancer can choose an alternate class.

In the unfortunate event that a student withdraws from a class, Studio 360 School of Dance must be notified in writing that the dancer will no longer be enrolled in class before the **final day of the month**. If the office has not received notification that you would like to drop the class prior to the 1st of the month full tuition will be charged regardless if dancer attends the class.

If classes cannot be in-person due to state and/or federal officials we will continue classes online or due to a positive COVID-19 test **Tuition will not be refunded** as an online option will be available. Dancers wishing to drop the class will only have tuition reimbursed the following month if notification of the withdraw happens prior to the first of the following month.

NEW

In a rare chance, if a class is cancelled due to an unforeseen circumstance (i.e. teacher sick and unable to find a substitute teacher, scheduling conflict) Studio 360 will refund the missed class to families if an adequate makeup cannot be arranged.

ATTENDANCE & MAKEUP CLASSES

It is important that students are attending their weekly lessons and arriving on time and ready for class. Attending classes regularly increases the dancer's technique, strength, and builds their confidence in their dance education. Missed classes will not be refunded and students are responsible for the entire tuition amount. **Dancers can attend an equivalent style and leveled class within one week of missing their lesson.** Families need to notify the front desk/send email to the instructor of the class they plan on attending for make-up.

If your dancer is absent please complete the **online absence** form that will notify the teachers and the staff of the absence as well as include your makeup class!

Dancers in showcase and recital will have more success with attending classes regularly and practicing at home between rehearsals!

REPORT CARDS/LEVEL PLACEMENTS

Our instructors will complete progress reports at the end of the Spring season by May 15th. Each teacher will report on the progress made so far in class. If your dancer is ready for the next level after the spring session the new level will be included in the progress report. You can view this report card by logging into your online portal and click on "report card" on the home screen. Each instructor will give your dancer a level recommendation for the next season.

NEW

Challenge class. Your dancer may be invited to attend a challenge class. The dancer attends the class that is at the next level to see if they are ready to move levels. This helps the teacher see the dancer in the next level as well as helps the dancer experience the next level. Challenge classes are by invite only.

NEW

Evaluation Requests

Studio 360 School of Dance
Student/Parent Handbook SPRING 2022

If dancers feels that he/she is ready for the next level they can request an evaluation request at the front desk. Evaluation requests are a one on one 30 minute class that evaluates the dancer in the requested style/level. The staff will use the syllabus and skills checklist to determine if a dancer is ready for the next level. This evaluation will be given to the dancer and families. **Evaluation request are \$25.00 and must be paid prior to the evaluation.**

DRESS CODE

Dancers are required to be in dress code. You can view the our dress code procedures at our website at www.studio360dance.net. You can see the complete list on the home page.

Why is a Dress Code Enforced?

Dress codes serve many purposed that lead to a successful dance education!

1. They create a sense of community and belonging.
My friends look like me, we have something in common!
2. They promote discipline.
When it's dance class, wearing my uniform is how I show my teacher and peers that I am ready to learn.
3. They allow for full range of motion.
I can move my whole body without anything getting in my way.
4. They reduce stress at home when preparing to come to dance class.
When it's time for dance, I know exactly what to wear.
5. From a teachers' perspective, a dress code is a system put forth as part of our classroom management plan due to the fact that they eliminate distractions. Eliminating these distractions allows us to maximize our time together with learning and growing.
Thank you for helping us create an optimal learning environment for our students.

FAQ

What if I don't have attire yet?

If you have ordered your apparel and it hasn't arrived that is okay! Please dress your dancer in tight movable clothes. Dancers that don't have shoes are encouraged to go bare foot until their shoes have arrived (socks and footed tights are not allowed due to the floor). Please still have their hair in a secure bun.

Do I need to stay for my dancers lesson?

You are not required to stay. We do have secured monitors for families to watch from the lobby.

What if my dancer is shy and has a hard time in class?

Its totally normal! Its okay if your dancer is shy but in the car and at home they non-stopped talked about dance! It's a new area, new people, and new friends! It make take them a few minutes to adjust or it might take a month! Trying new things is scary and challenging and sometimes tears happen to show that emotion. Our staff will reassure and help your dancer feel right at home. The best thing to do is encourage your dancer. Majority of the time a few tears will happen and then they will get warmed up and join right in!

Is my dancer required to wear a mask?

Masks are not required. The CDC does recommend those that are not vaccinated to wear a mask. Studio 360 respects the families choice to wear a mask.

What is Studio 360 doing to keep dancers and families safe?

Our dancers, families, staff's health is top priority. We have worked very hard to ensure all of the necessary precautions are taken!

- Increased major cleaning from twice a week to once a week
- Hired a Professional Cleaning Service that does detailed cleaning weekly.
- Invested in the air purifier system that is in every studio and lobby and locker room area!
- Implemented procedures for staff, students, and families to ensure safety of all patrons.
- Installed automatic hand soap dispensers.
- Installed automatic hand sanitizer dispensers for all three studios.
- Increased vacuuming and mopping of studios from once a week to nightly.

Studio 360 School of Dance
Student/Parent Handbook SPRING 2022

- All 360 Staff are first aid/CPR certified.
